### EXAMINER'S AMENDMENT

The amendment filed January 19, 2005 has been entered.

The following formal Examiner's amendment was made February 1, 2005.

During a telephone conversation conducted on February 1, 2005, Karl Bozicevic authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### In the Claims:

Claims 18, 19, 29, 31, and 32 have been cancelled. Accordingly, the status of Claims 11-32 is "canceled."

10. [The preparation of claim 9,] A standardized prion preparation, comprising:

prions obtained from a plurality of transgenic mouse brains; and

a carrier;

wherein the preparation comprises prions (a) which infect and cause disease in a human, (b)

which are prions of a known strain, (c) the prions are present in a known number of infectious units, and

further wherein the carrier is different from brain tissue of a human;

wherein the prions are uniformly dispersed in the preparation and are produced in a

transgenic mouse which is Tg(MHu2M)/Prnp<sup>0/0</sup>.

#### *Reasons for Allowance*

The following is an examiner's statement of reasons for allowance:

Art Unit: 1632

With regard to the subject matter of Claim 10, the specification discloses at page 17, paragraph [0052] that Tg(MHu2M)/Prnp<sup>0/0</sup> mice are susceptible to infection with human prions. Thus, human prions are produced in a Tg(MHu2M)/Prnp<sup>0/0</sup> mouse (as recited in Claim 10) when the mouse is infected with infectious human prions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### *Conclusion*

Upon entry of the foregoing amendment, Claims 9, 10, and 33 are allowable.
